

I have been listening to KLOVE radio for over 6 years on a daily basis. The programming on KLOVE is vital to my life as a local resident of Weed. Local events are announced and thus I am able to attend them in my local community without too much travel. The local community of Weed would be affected greatly if this excellent source of radio programming were removed from the airways displaced by a LPFM broadcaster providing other programming. I believe so strongly in the KLOVE and its message, that I support KLOVE with monthly monetary gifts.

New listeners begin listening to KLOVE on a regular basis. The programming provides comfort and peace to the listeners as well as airing national programs and promoting local events. The public interest will be well served by allowing KLOVE to remain on the air and serve the needs of the local listeners and local event holders. the programming is always clean and suited for listeners of all ages. All of the listeners that I have talked to are in full support of the programming provided by KLOVE.
